

HOW MUCH DO WE LOVE DOGS?!

BY ISRAA QUTB

The dataset that was wrangled is the tweet archive of Twitter user [@dog_rates](#), also known as [WeRateDogs](#).

WeRateDogs is a Twitter account that rates people's dogs with a humorous comment about the dog. These ratings almost always have a denominator of 10. The numerators, though? Almost always greater than 10. 11/10, 12/10, 13/10, etc. Why? Because *"they're good dogs Brent."* WeRateDogs has over 9 million followers and has received international media coverage.

Which breed of dog has highest percentage of tweets?

WeRateDogs has over 9 million followers and has received international media coverage. After gathered data, assessed and cleaned them visually and programmatically, we find that:

Pupper has the highest percentage (61.6 %)

Floofer has the lowest percentage (1.3%)

How far is Logical of Ratings frequency?!

WeRateDogs asks people to send photos of their dogs, then tweets selected photos rating and humorous comments. Dogs are rated on a scale of one to ten, but are invariably given ratings in excess of the maximum, such as "13/10".

As shown in the graph we have 420/10 rate and 1776/10 as illogical rates.

Which pictures have illogical rates?!

More details about pictures that have taken rate more than 300

The rap star *Snoop Dog* picture with 1776 rating score !

This cool picture takes 420 rate score!!
